

## TEMPLATE FOR ADVERTISING RESEARCH POSTS

based on indications given by par. 4.4.1 of the  
"Report of the Working Group of the Steering Group of Human Resources Management under the  
European Research Area on Open, Transparent and Merit-based Recruitment of Researchers"

**Recruiting Department/Research Unit:** Department of Economics and Law

**Title:** Financial Solutions for Inclusive and Sustainable Housing

### Offer description:

The research project aims to map contractual solutions and financial instruments, both existing and experimental, designed to address the housing and care needs of low-income, vulnerable, or elderly individuals in both national and international contexts, while adhering to ESG (Environmental, Social, Governance) principles. The activities include a systematic literature review and an analysis of best practices, with a particular focus on financial solutions and services such as home equity conversion systems, exploring their potential to address specific needs. The study also extends to social finance instruments, such as social bonds and sustainability bonds, examining their financial characteristics and effectiveness in attracting sustainable investments. The project evaluates the alignment of these solutions with ESG principles, considering sustainability, social inclusion, and responsible governance.
