

## TEMPLATE FOR ADVERTISING RESEARCH POSTS

based on indications given by par. 4.4.1 of the  
"Report of the Working Group of the Steering Group of Human Resources Management under the  
European Research Area on Open, Transparent and Merit-based Recruitment of Researchers"

**Recruiting Department/Research Unit: Department of Humanities**

**Title:** DATABASE PRESERVATION. METHODOLOGIES, TECHNOLOGICAL SOLUTIONS, INTERNATIONAL PROJECTS AND CASE STUDIES

### **Offer description:**

The AgID Guidelines on the "Formation, management and storage of computerised documents" provide for new forms of document creation, such as the registration of data in a database using computer systems, the online completion of electronic forms or the automatic grouping of data from several databases. In some sectors, such as the health sector, many documents are produced in this way. The objective of this research is to outline possible solutions for the long-term digital preservation of databases, examining technological, legal and archival aspects. To this end, the researcher will have to produce a study on the methodologies, standards and projects implemented, or being implemented, at an international level, followed by the elaboration of a database preservation project compatible with the directives contained in the eIDAS Regulation, version updated on 30/4/2024, and in the AgID Guidelines.

### **Researcher career profile:**

- *R1 First Stage Researcher (up to the completion of PhD)*

For further details <https://euraxess.ec.europa.eu/europe/career-development/training-researchers/research-profiles-descriptors>

**Location:** Macerata, Italy

### **Type of contract:**

- *temporary*

### **Job status**

- *full time*

**Expected start date and duration of the contract:** 12 (twelve) months. The exact start date will be provided after the selection process.

**Annual gross salary:** 19.368,00

**Selection criteria:** Master's degree in Humanities, Informatics, Technology

### **Preferential selection criteria:**

1. PhD in Humanities and Technology or another doctorate focusing on topics related to the content of the research project.
