APPLICATION FOR ADMISSION TO THE DOCTORAL PROGRAM IN
LAW AND INNOVATION
(CYCLE XL – AY.AY. 2024/2027)
Scholarship financed by Ministerial Decree n. 630/2024

Coordinator: Prof. Fabrizio Marongiu Buonaiuti

PRE-ASSESSMENT CRITERIA	1. Consistency of the candidate's prior study with his/her chosen doctoral program.
	2. Consistency, quality and originality of the project presented, in view of his/her chosen research topic.
	3. Suitability of the candidate's scientific profile based on his/her project submission.

Topic	Details
SLM: A linguistic model for psychological support	*__Description of activities__* The project is highly multidisciplinary, crossing aspects of constitutional law, applied economics and computer engineering. The research focuses on creating an SLM for emotional support in the field of psychology and develops a chatbot with a user-friendly user interface. The model must guarantee wide accessibility both to industry experts and to the public of end users. On the legal side, the research concerns the regulatory framework of AI in a transnational context. The emphasis is placed on the comparison between different regulatory approaches that are emerging at an international level regarding the control that can be placed between humans and machines. *__Obligations for fellows__* Periods of study and research at the operational headquarters of the **Synapsia s.r.l.** company. **for at least six (6) months**, even if not continuous, over the three-year period 01/11/2024 – 31/10/2027. Periods of study and research abroad at the headquarters of **BEIJING NORMAL UNIVERSITY (Beijing-China) for at least six (6) months**, even non-continuously, over the three-year period 01/11/2024 – 31/10/2027.
